

BALANCE EVALUATION

Just about everything you do in your daily life, whether for work or leisure, requires balance control. When balance problems develop, they can cause profound disruptions. **Ingalls Balance Evaluation Program** offers comprehensive services for conditions causing instability with balance.

Services

Services available for on-site evaluation include:

- ▶ Physician specialists: physiatrists, neurologists, otolaryngologists, neurosurgeons
- ▶ Advanced diagnostics and imaging services (X-ray, MRI, CT)
- ▶ Neurophysiology (EEG, EMG)
- ▶ Laboratory testing
- ▶ Nutritional and weight evaluations

Referral Process

Services at the Flossmoor Family Care Center can be accessed directly by the patient, through physician referral or employer referral. After a referral is received, the first step in the process may be a consultation with a physiatrist, a doctor who specializes in physical medicine and rehabilitation, and a physical therapist.

BALANCE EVALUATION

Treatment Options

Specialized treatments/services include:

- ▶ Medical management
- ▶ Outpatient rehabilitation and therapy services
- ▶ Complementary medicine services
- ▶ Nutritional counseling
- ▶ Education and exercise classes
- ▶ Referrals to neurosurgery and otolaryngology for surgical evaluation
